

## Mairama Dasso, Cameroon

A nurse at **Ngaoubela Protestant Hospital**, Cameroon, Mairama tended to a young mother of three children from Yoko who came to the hospital and tested positive for tuberculosis. Several days after being admitted to Ngaoubela, the young woman suffered a tragic loss – the death of her husband, followed immediately by the death of her youngest child, only 8 months old. She fell into a deep depression. Mairama and her colleagues at Ngaoubela brought her all of their support – physical, psychological, emotional, everything they could think to do for her. After all of their efforts she overcame the blow and left the hospital healed and stronger than before.

Mairama shows up every day ready to help patients, available, patient, sharing God's love every day through her work.
