

# BABY BLANKETS

*Knit and crocheted baby blankets are always needed by GHM's overseas partners. Mission hospitals need them for their maternity and pediatric wards, and health workers share them with new moms who are grateful to receive them. Baby blankets should be made from cotton or acrylic yarn (preferably not wool, which is too warm for many mission hospital locations, and can irritate sensitive newborn skin).*

The finished size of a baby blanket should be approximately **30 x 30 inches**.

**PLEASE MAIL OR DELIVER TO:**
